HOW IT WORKS

FOUR STEPS. NO PAPERWORK.

Joining takes two minutes. From then on your dashboard in Connect shows every company you referred, what each has earned you, and every payout.

1 JOIN FREE

Create a free login and sign up for the program. Add your province, and your GST/HST number if you are registered. You do not need a Connect subscription of your own.

2 SHARE YOUR LINK

You get your own referral link. Send it to the companies you advise, or put it in your proposals and email signature. It is remembered for 90 days on the device it is opened on.

3 THEY START PAYING

Your client tries Connect free for 14 days. When they subscribe, you earn 20% of every invoice, before tax, for their first 12 months, then 10% for as long as they stay while you support them.

4 GET PAID MONTHLY

Set up payouts with Stripe once and commissions land in your Canadian bank account on the first of each month.

YOUR LINK, OR YOUR WORD

Most referrals come through your link. If you introduce a company another way, by email or across a table, tell us and we credit it to you by hand. Bigger companies on custom pricing usually come this way.

BE UPFRONT WITH CLIENTS

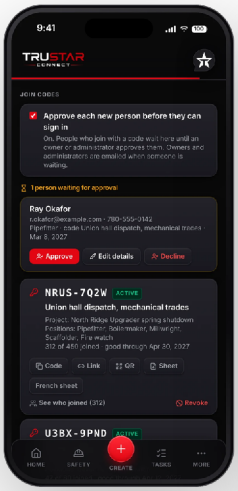

Tell anyone you refer that you earn a commission from TruStar. It is the law in Canada, and it is right for a client who trusts your advice. Your dashboard reminds you.

BIGGER COMPANIES

DO MORE OF THE SALE, EARN MORE OF IT

Larger operations get custom pricing. What you earn on them depends on how much of the sale you do.

YOU INTRODUCE THEM

Up to $7,500

20% of the first $1,100 they pay each month, and 10% of anything above that, for 12 months.

Through your link, or credited to you by hand.

YOU SELL IT

Up to $12,000

A straight 20% of everything they pay for 12 months, when you register the deal and see it through.

You join the demo and stay with it to signing.

COMPANY PAYS	YOU INTRODUCE THEM	YOU SELL IT	EACH YEAR AFTER
$2,000/mo	$3,720	**$4,800**	$2,400
$5,000/mo	$7,320	**$12,000**	$6,000
$10,000/mo	$7,500	**$12,000**	$12,000

Register a deal by emailing **info@trustarsafety.com** with the company's name before it signs up. We confirm it in writing; a deal over $5,000 a month has its terms confirmed then. On a company paying more than $1,100 a month, commissions are paid once it has had 90 days of paid use.

GETTING PAID

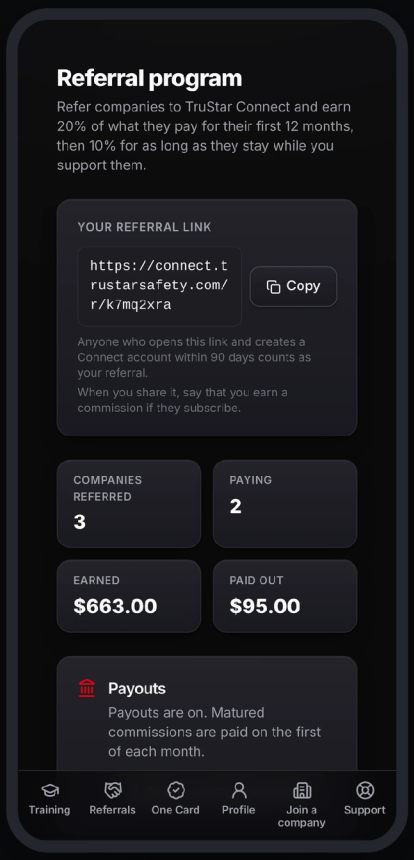

STRAIGHT TO YOUR BANK, EVERY MONTH.

Payouts run through Stripe, the payment company behind millions of businesses. You add your details and bank account once, on Stripe's own pages; we never see your banking information.

- Each commission is held 30 days after the invoice is paid (60 for a yearly plan), in case of a refund
- Paid on the first of each month once you are owed at least $25. Smaller amounts carry over
- A refund or dispute reduces or cancels the commission on that invoice
- Your Stripe account shows every payout and lets you change your bank details

THE FINE PRINT, IN PLAIN WORDS

- Only new companies count: one that creates its own Connect organization. Existing customers and your own company do not.
- Nothing is earned during a free trial. The 12 months start at the first paid invoice.
- The 10% after the first year applies while you remain the company's consultant. We confirm it in writing and review it yearly.
- If a company follows another partner's link after yours, the latest link counts.
- No spam, no paid search ads on the TruStar name, no misleading claims, and you are never TruStar staff.
- You look after your own income tax; TruStar may issue a T4A slip where it is required.
